

Liquid Stone

An immersion into majesty: Liquid Stone transforms ceramic material into an unexplored union of solidity and elasticity.

The textures crystallize, capturing the essence of a fluid rock emerging from the depths of creativity. Sculptural images take shape, enveloped in decorative flows. Unexpected outlines become pathways of metamorphosis, blurring the lines between texture and transience.

IT Un'immersione nella maestosità: Liquid Stone trasforma la materia ceramica in un'unione prima inesplorata di solidità ed elasticità. Le trame si cristallizzano, catturando l'essenza di una roccia fluida che emerge dalle profondità della creatività. Immagini scultoree prendono forma, avvolte da flussi decorativi. I contorni inaspettati diventano itinerari di metamorfosi, sfumando le linee tra consistenza e fugacità.

DE Eintauchen in Erhabenheit: Liquid Stone verwandelt das keramische Material in einer bislang unerforschten Liaison aus Beständigkeit und Elastizität. Texturen kristallisieren sich heraus und fangen das Wesen eines flüssigen Steins ein, der aus den Tiefen der Kreativität aufsteigt. Skulpturale Bilder nehmen Gestalt an, umhüllt von dekorativen Strömungen. Unerwartete Konturen werden zu Routen einer Metamorphose, die die Grenzen zwischen Beständigkeit und Vergänglichkeit verwischt.

RU Коллекция Liquid Stone подчеркнет величественность интерьера, создавая из керамики невиданный союз прочности и эластичности. Узоры кристаллизуются, передавая всю сущность струящегося камня и открывая глубины творческого мира. Рельефные рисунки принимают форму на фоне динамичного декора. Неожидаанные акценты дают путь метаморфозам, размывая границы между стабильностью и мимолетностью.

CH 沉浸于庄严之中: Liquid Stone让陶瓷化为坚硬与弹性的合体, 前所未有的。纹理化为结晶, 定格了从创造力深处涌现的岩石流体的本质。从而形成了雕塑般的图像, 四周包围着装饰性的流体。出人意表的边缘化为变形的路线, 模糊了固定与变幻的界限。
